Re: Freedom of Information Act Request FOIA - EPA-R9-2014-9624

Dear Ms. McGrath:

This is the final response to your August 19, 2014 Freedom of Information Act request regarding:

1. Any and all documents related to the DMB Redwood City Salt Plant (also known as DMB Redwood City Saltworks project, Redwood City Saltworks project site, Redwood City salt production facilities, or Cargill operations in Redwood City) ["DMB Redwood City Salt Plant"] since May 30, 2014.
2. Any and all communications between EPA (all offices) and other parties, including but not limited to the Corps (all offices), the Department of the Army (all offices, including the Office of the Assistant Secretary of the Army for Civil Works), Congress (members and staff), other Executive Branch employees, and non-government third parties, related to the [DMB Redwood City Salt Plant] since May 30, 2014.
3. Any request (other than this letter) from any entity or person for any documents relating to the [DMB Redwood City Salt Plant] received on or after May 30, 2014, and all documents, communications, and records relating to such a request, including any response by EPA to that request.

We have uploaded the documents responsive to your request onto FOIA Online at:
<https://foiaonline.regulations.gov>.

A number of documents, or portions of documents, which have been determined to be exempt from mandatory disclosure by virtue of 5 U.S.C. 552(b) (Exemptions 5 (deliberative process; attorney client privilege) and 6 (privacy)) have been withheld from release. An itemized list by categories of the withheld material along with the basis for withholding is provided on the enclosure to this letter. In addition, we have redacted a number of interagency documents because these specific records originated from outside our agency, *i.e.*, the U.S. Army Corps of Engineers, and we will refer those portions of the request to the Corps for a release determination pursuant to 40 CFR § 2.103(d)(2).

You may appeal this partial denial to the National Freedom of Information Officer, U.S. EPA, FOIA and Privacy Branch, 1200 Pennsylvania Avenue, N.W. (2822T), Washington, DC 20460 (U.S. Postal Service Only), or 1301 Constitution Avenue, N.W., Room 6416J, Washington D.C. 20004 (hand delivery, courier service or overnight delivery) FAX: (202) 566-2147, E-mail: hq.foia@epa.gov. Your appeal must be made in writing, and must be submitted no later than 30 calendar days from the date of

this letter. The Agency will not consider appeals received after the 30 calendar day limit. The appeal may include as much or as little related information as you wish, as long as it clearly identifies the determination being appealed and includes the assigned FOIA request number - EPA-R9-2013- EPA-R9-2014-006943). For quickest possible handling, the appeal letter and its envelope should be marked "Freedom of Information Act Appeal."

Please contact Rich Campbell in our Office of Regional Counsel at 415-972-3870 should you have any questions concerning this matter.

Sincerely,

Jane Diamond
Director, Water Division
